GOLF
LED Inground Light

G O L F

FULL-SCENARIO LIGHTING SOLUTION

G O L F

Extreme light, digital empowerment

The Golf series by ROLEDS integrates cutting-edge science, intelligent technology, optical innovation, and color mixing technology to enhance outdoor lighting and highlight the strength and beauty of cities. Building on 20 years of independent R&D, this series reflects ROLEDS' unwavering commitment to superior light quality. Empowered by digital manufacturing technologies, the Golf series improves both the performance and stability of lighting products, meeting the evolving demands of global urban development. Its focus is to light up cities, transforming them into vibrant, comfortable, and stylish spaces.
